### Book Club Pick For November One Day

in December  
By Josie Silver

Two people. Ten  
chances. One unforget-  
table love story.

Laurie is pretty sure love at first sight doesn't exist anywhere but the movies. But then, through a misted-up bus window one snowy December day, she sees a man who she knows instantly is the one. Their eyes meet, there's a moment of pure magic...and then her bus drives away. Certain they're fated to find each other

again, Laurie spends a year scanning every bus stop and cafe in London for him. But she doesn't find him, not when it matters anyway. Instead they "reunite" at

a Christmas party, when her best friend Sarah giddily introduces her new boyfriend to Laurie.

It's Jack, the man from the bus. It would be.

What follows for Laurie, Sarah and Jack is ten years of friendship, heart-break, missed opportunities, roads not taken, and destinies reconsidered. *One Day in December* is a joyous, heartwarming and immensely moving love story to escape into and a reminder that fate takes inexplicable turns along the route to happiness.

1806: Astrid Poole sits in her bridal clothes, overwhelmed with happiness. But before her marriage can be consummated, she is murdered, and the circle of gold torn from her finger. Her last words are a promise to Collin never to leave him... Graphic designer Sonya MacTavish is stunned to learn that her late father had a twin he never knew about—and that her newly discovered uncle,

Collin Poole, has left her almost everything he owned, including a majestic Victorian house on the Maine coast. Trey, the young lawyer who greets her at the sprawling cliff-top manor, notes Sonya's unease—and acknowledges that yes, the place is haunted...but just a little. Sure enough, Sonya finds objects moved and music playing out of nowhere. She sees a painting by her father inexplicably hanging in her deceased uncle's office, and a portrait of a woman named Astrid, whom the lawyer refers to as "the first lost bride." It's becoming clear that Sonya has inherited far more than a house. She has inherited a centuries-old curse, and a puzzle to be solved if there is any hope of breaking it...
