Andy goes to the shelter to adopt a dog, where he meets his beloved golden retriever, Tara, for the first time and feels an immediate connection. The shelter is crowded and Tara's been sharing space with a dog named Sunny; Andy hates to break them up and so asks to take Sunny, too, but since there's a pending criminal case involving the owner, he'll need to get written permission for temporary possession. Andy discovers that Sunny's owner, Frank Tierney, has been arrested for the murder of his ex-boss. But he takes an immediate liking to Frank and his clear dedication to his dog, and ends up with his first case along with the two dogs. This prequel to the long-running and perennially popular Andy Carpenter mysteries is a gift for fans and a terrific entry-point for newcomers.
